# Speaking Topics

## KEYNOTES:

### **Master the Moment: Think on Your Feet Without Tripping Over Your Tongue!**

Participants will learn how to think on their feet and answer difficult questions clearly and confidently in their most challenging professional situations.

### **Beyond Bullet Points: Business Storytelling**

Properly conveying a story helps business people not only grow their business through sales, but helps them connect, collaborate and lead.

## WORKSHOPS:

### **Speak with Confidence!**

In this interactive workshop, participants will learn key ways to speak with confidence. Topics include: • Start and end with a bang • Keep your audience engaged with stories • Develop your points clearly • Maintain eye contact, even when using notes • Power up your PowerPoint • Deliver with confidence

### **Communicating with Data: Choosing the Best Visual**

A picture may be worth a thousand words, but in business and technical fields, you often need to present data so that people can make informed decisions. In this workshop, an introduction to data visualization, participants will learn how to select the best visual to communicate data to make it meaningful.

### **Communicating to Connect**

In this training, participants will first discover how to create short “bumper sticker” statements to market themselves and their teams. Then they will learn and practice impromptu speaking. Finally, they will learn tips on using stories and analogies to help people understand and remember their messages.
